

Transit Plan 2035 Recommendations

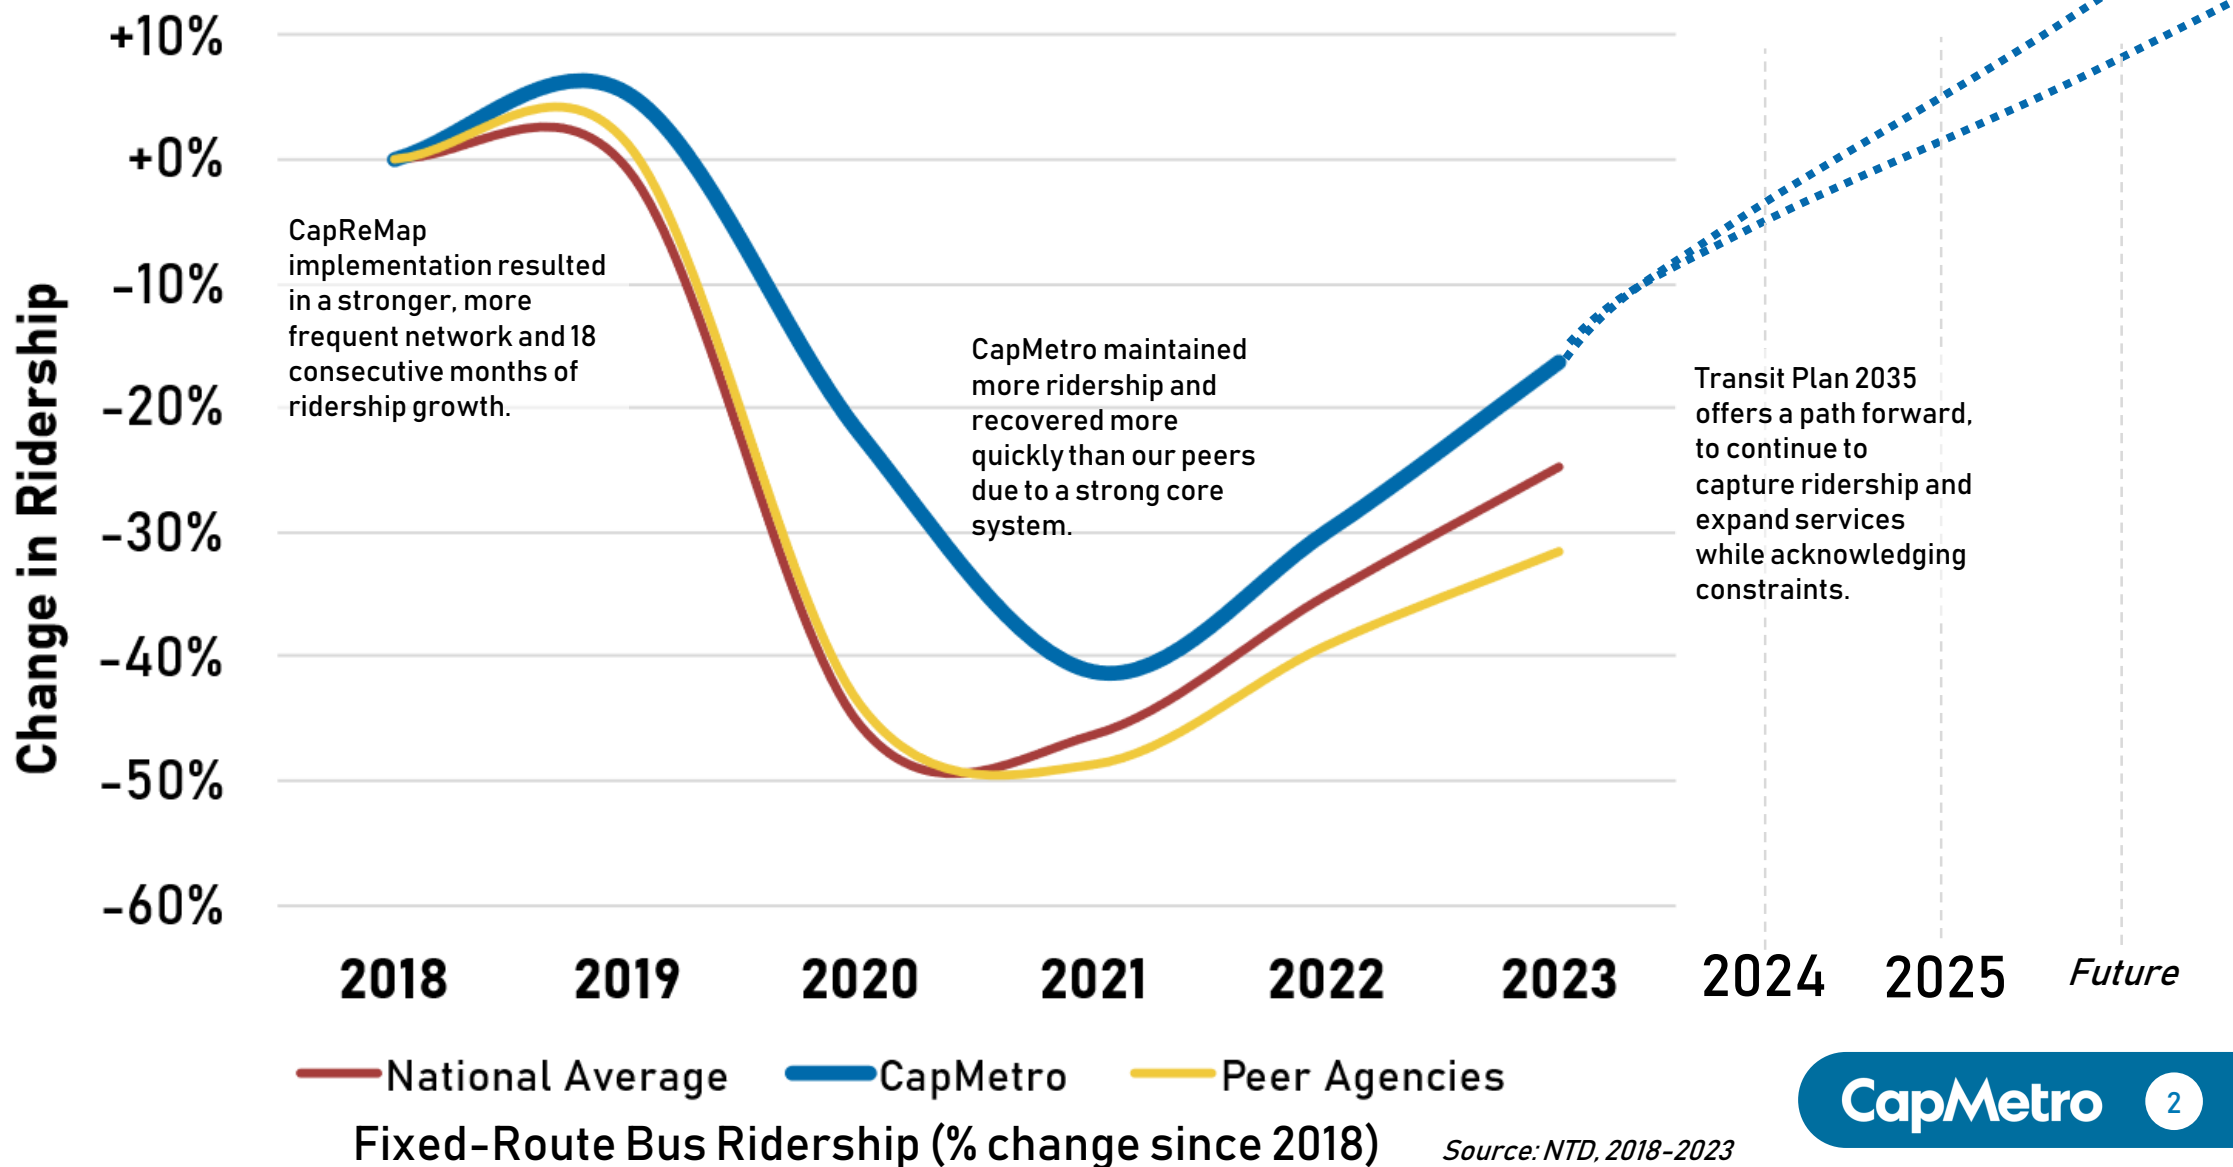

CapMetro Board of
Directors Meeting

October 20, 2025

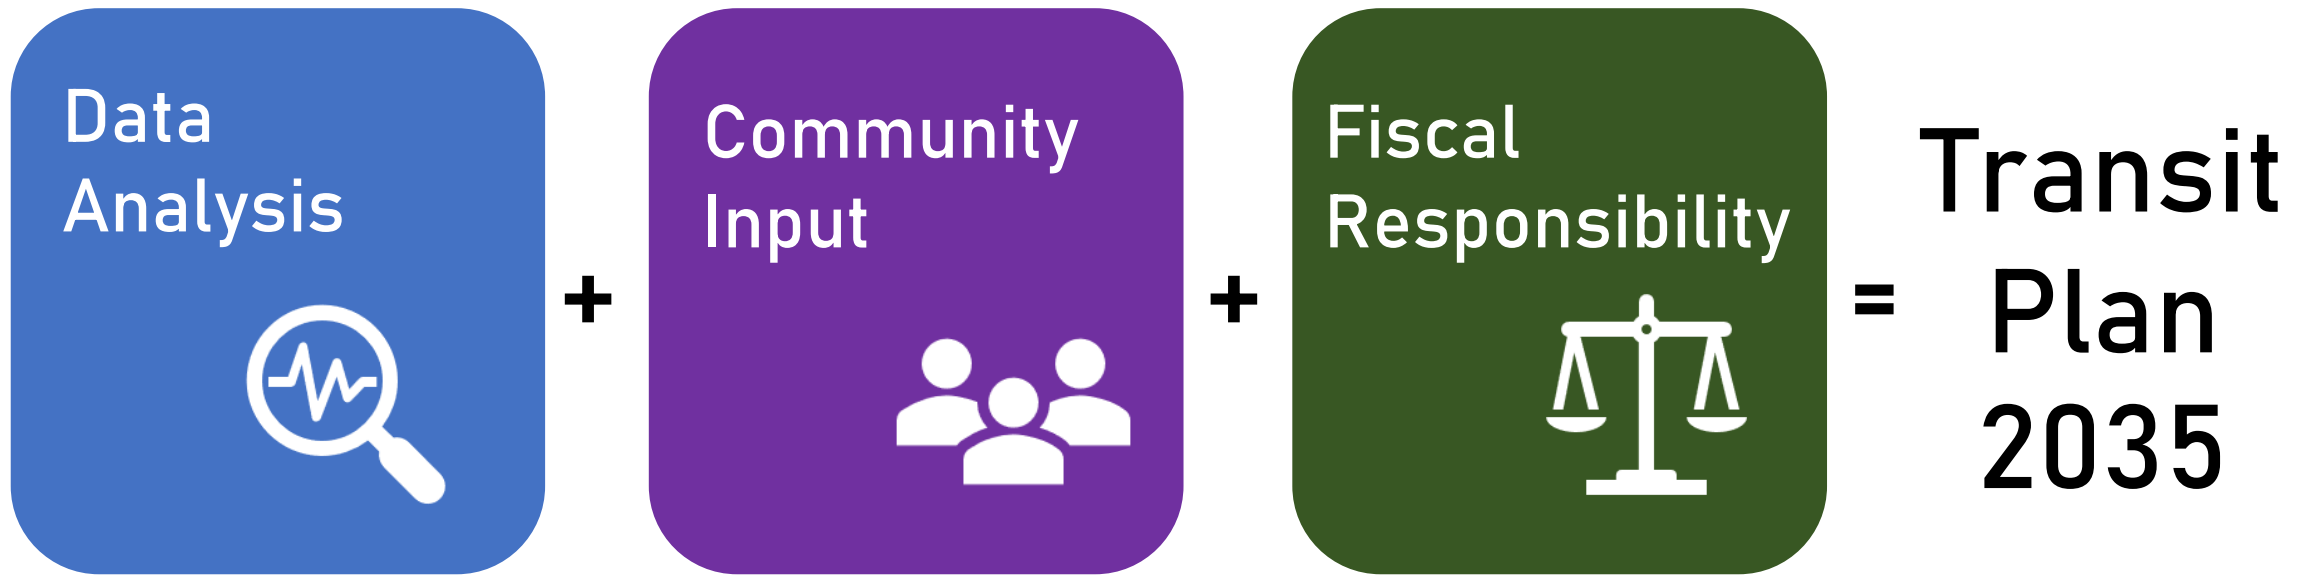

CapMetro | Transit Plan 2035

Transit Plan 2035 Charts Our Next Chapter

A Feasible Plan Grounded in Data and Community Input

Transit Plan 2035 Recommendations for the Next 5-10 Years

Better align with post-pandemic travel patterns and schedules

Improving Our Service Through Resourcefulness

- Right-sizing underlying service for areas with multiple routes
- Better connecting riders to jobs and education through realignments of existing service
- Reinvesting in areas that need service by optimizing efficiency.
- Providing students with more consistent service by consolidating routes.

Improving Our Service Through Resourcefulness

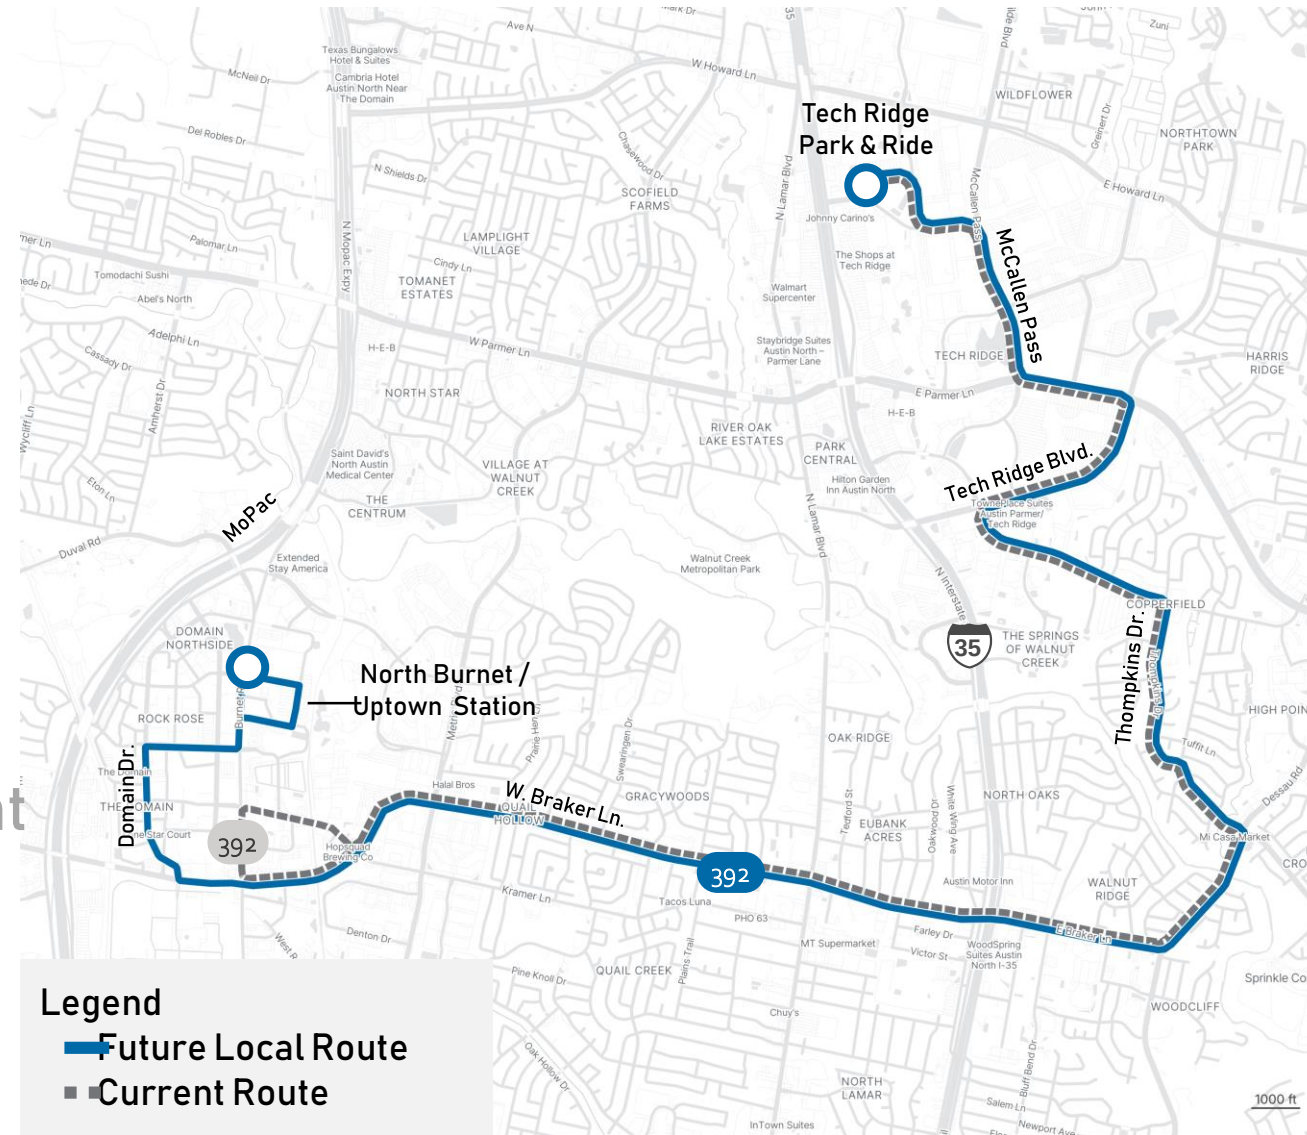

- Right-sizing underlying service for areas with multiple routes
- Better connecting riders to jobs and education through realignments of existing service
- Reinvesting in areas that need service by optimizing efficiency.
- Providing students with more consistent service by consolidating routes.

** Proposed pending Board approval and service change process. Not all routes are shown.*
